

Strawberry Hill Pre-School

Partnership Working with Other childcare settings/Professionals

As a Pre-School Nursery registered with Ofsted, we have a duty to deliver the Early Years Foundation Stage Statutory Framework to all young children in the setting.

It is a requirement for us to work in partnership with parents and any other childcare settings (including schools) and/or other professionals working with your child to help achieve common targets for all children in terms of the EYFS and their individual needs. This is a form for parents and any other childcare setting/school/professional such as a childminder, nanny or au-pair and Strawberry Hill Pre-School staff to sign to confirm that we are willing to share targets, progress/development and learning journals and to meet on regular basis to discuss the aforementioned issues. This may include individually set targets and progress checks for the child, as well as general EYFS planning for both settings.

Information sharing is paramount to a child's development.

Please fill in as appropriate:
